# Brother DCP-115C

- Print at up to 20ppm mono, 15ppm colour
- Borderless printing
- Up to 6,000dpi print resolution
- Scan & translate
- Up to 100 sheet paper capacity
- 8MB memory
- Photocapture centre™. Compatible with the most popular media cards

Whether you want a simple text document or a complex colour chart, the DCP-115C produces crisp, clear prints quickly and efficiently. With advanced PhotoCapture Centre™ features, you can create your own borderless photos in high resolution colour in the comfort of your own home. Producing quality copies with or without your PC has never been easier as

the DCP-115C has a flatbed design, enabling bound documents to be copied quickly. Brother provides all the necessary scanning software, giving you access to a range of scanning features including scan to email, OCR, image, file (including PDF) and card. You can effortlessly translate documents from a wide variety of languages using Brother's scanning

software in conjunction with Systran® WebTranslate 5.0 software. Compatible with the most popular media cards, the PhotoCapture Centre™ feature allows memory cards to be read and transferred to your PC without the need for a plug-in card reader or special software. The media card is shown as an additional drive on your PC, enabling you to save and retrieve photos and documents with ease and efficiency.

All Brother colour multifunction products come complete with full yield individual colour ink cartridges so colours can be replaced separately.
